

# THE ATTITUDE OF GRATITUDE

## *Small Group Discussion Questions*

Have each person share an area in which they wished they had a better attitude, or a situation that makes it really hard for them to have a good attitude.

Record a general note for each on paper or on a white board.

Then lead the discussion by brainstorming together how they think the brother could gain victory. Continue to do so with each person.

Begin with the most vocal and end with the one most quiet.

Encourage each student to write down the suggestions applicable to them.

Follow up personally at ~~your~~ the next Meeting Workshop.
