

# WORK RELATIONSHIPS — BOTH HUSBAND AND WIFE ON STAFF

## *Leader's Guide:* FR10-3

Lecture time: 74 min.  
Discussion time: approx. 60 min.

### **Leader's Oral Opening Comments**

- God's ideal plan was for husbands and wives to work together. Dynamics change when husbands and wives begin to minister together. Let us attempt to bring back some of that beauty by engaging our spouses more. Let them also discover the joy of the Lord.

### **Leader's Oral Closing Comments**

- We saw that it works. We saw that numerous people are doing it and doing it successfully. Let's give it a thorough try.

### **Discussion instructions**

- There are separate discussion questions for both men and women although if you have a small group you may choose to have the men and women together for this discussion.
- Because the lecture and the discussion are long you may want to stop the lecture half-way through and complete half of the discussion questions, then go on to the rest of the lecture and finish the discussion questions.
- Have those present who have a wife or a husband and wife team on their staff choose one item from the lecture right now. During the Workshop let them make a plan and discuss it with you before they leave to implement it at home.

### **Special adaptations for unique groups**

Find another couple who work in ministry together and share this lecture with them.
