

## FOUR: THE CERTAIN DECISION *I have a decided heart.*

You will never have enough information to make the right decision all the time. But, if we never make a decision, nothing will happen. Make a decision and then work on correcting and perfecting it later!

- 1, Define what you think it means to have a “decided heart”
2. What does a decided heart mean when you want to approach a MAN on the street?
3. What does a decided heart mean when you want to pray with MEN?
4. What are definite decisions you need to make and can make **right now**?
5. Share some mini-goals you can make right now as God’s man doing God’s work..

### **Things to pray about.**

What is a major decision you know God wants you to make?

Pray for God to show you more decisions you need to make

Pray that the Lord will increase your commitment to Him and to the lost.
