

# BECOMING A LEADER

## *Leader's Guide:* GL5-3

Lecture time: 32 min.  
Discussion time: approx. 20 min.

### **Leader's Oral Opening Comments:**

- Lecture GL5 is based on the life of Moses and highlights the opportunities and benefits men receive when they respond favorably to the call of leadership from the denomination or provincial church leadership . You can introduce it by announcing: "You can become a man of ...." (See synopsis at closing of lecture.)

### **Prayer instructions**

- How much have your men grown? This lecture is a **self-check** for each of them. Are they growing? What has God already given to them? Take time to personally encourage and counsel them. God has placed these present and future church leaders in your hand. Let your prayer time be a time of mentoring and self-evaluation.

### **Practical assignments**

- For each of the 7 principles of becoming a leader have the men write down three ways that they can put them into practice. Have them do that during this meeting.
- Then at home have them focus each week on a different principle for seven weeks. Bring a brief written report.
